## HIGHLIGHTS

A perfect and unmistakable exterior is part and parcel of the perfect look

Striking and unmistakable, the AMG-specific radiator grille with vertical struts, integrated Mercedes star and AMG lettering

The new MULTIBEAM LED headlamps change the surroundings and allow them to shine in a completely new level of brightness

The particularly sportily tuned AMG RIDE CONTROL+ suspension combines the advantages of several suspensions in one

The AMG rear design, which emphasizes its width, underlines this dominant dynamic. Split tail lights and outwardly protruding rear wheels plus the AMG exhaust system in 4-chamber tailpipe trim design confirm this aspiration to perform

The sportiest form of a car means nothing if you cannot feel the vehicle and its power in the interior
