Mercedes-Benz GLB200 AMG (7 Seater)

HIGHLIGHTS

Flexible, Futuristic Cabin

Versatile seating, cutting-edge technology and modern style team up to create a cabin that works well and looks great. Digital instruments and displays, touchpads on the steering wheel and console, and an industry-advancing voice interface enhance ease of use.

AMG Bodystyling

A resculpted front air dam, flared side sills and deep rear valance team with 19-inch AMG wheels for a gripping appearance befitting the GLB's handling. The front apron features large air intakes, black outer flics, and a matte chrome splitter. Twin chrome tailpipes punctuate the sporty rear valance with a central diffuser framed by a silver-chrome insert.

Chrome Diamond-Block Grille

Chrome tips bejewel the diamond-block grille, with each hexagonal "pin" individually shaped and spaced by the car's designer.

Two-Section Rear Lamps

Thanks to the rear lights featuring a horizontal, two-section design, the rear of the new GLB looks especially powerful. An additional bonus of this design is that the boot lid is wide enough to fit even the bulkiest objects in.

Aluminium Roof Rails

Sleek and purposeful, the roof rails accommodate a variety of available accessory attachments for carrying bikes, surfboards, skis, snowboards and cargo carriers. They're crafted from elegant aluminum that adds modern style even when you're not using them.

Multi-Function Steering Wheel

Innovative Touch Controls elevate the multifunction steering wheel to an unparalleled level of user-friendliness. In addition to fingertip buttons for features like audio, Bluetooth® and cruise control, smartphone-like pads offer direct control of nearly every cockpit feature. Swiping through menus is easy: Your left thumb operates the menu screen in the gauge cluster, and your right thumb controls the large central screen without taking your hands from the wheel's leather-wrapped rim.

Dual-Zone Automatic Climate Control

Separate left and right temperature controls allow the driver and front passenger to enjoy personalized comfort. In addition to fully automatic or manual control of blower speed and airflow distribution, the system includes a dust and pollen filter that helps keep particles as small as 5 microns from entering the cabin. Adjustable vents in the dash help maintain passenger enjoyment throughout the cabin.

Touchpad On Centre Console

A large touchpad controller on the console lets you operate the in-dash central touchscreen while your hand rests comfortably at your side. The large touchpad works a lot like your smartphone, including multitouch gestures like swiping through menus and pinching to zoom. The touchpad surface includes dedicated Back, Skip and Home virtual keys, and even recognizes handwriting. Adjacent one-touch hard keys access major functions and include a programmable "favorite" button.

Mercedes-Benz GLB200 AMG (7 Seater)

HIGHLIGHTS

Sporty Cabin Styling

Sport front seats feature deeper side bolsters to offer enhanced lateral support.

Split Folding Seats

The back seats fold down in a split, offering a variety of cargo and passenger configurations. Folding the center section independently can help you fit longer items like skis between two rear passengers. The seatbacks are adjustable to multiple positions from a comfortably gentle recline to more upright settings to add cargo length while still seating passengers. The second row also slides fore-aft up to 5.5 inches for a range of legroom and cargo space.

3rd Row Seats

Available 3rd-row seating provides room for two additional passengers to ride in the GLB. Suitable for average-sized adults but ideal for children.

FEATURED PACKAGES

Fully Digital Widescreen Cockpit

The wide central screen offers more easily visible readouts and illustrated and animated menus. Measuring more than 10 inches diagonally, the display is mounted atop the center dash to stay close to your sightlines, yet its slim, visor-free design stays vivid in sunlight and elegant all the time. Split-screen options let you display multiple functions at once, and you can access the screen via the console controller or right Touch Control Button on the steering wheel. (Available in Premium and Premium Plus Package)

KEYLESS-GO

A leap in ease and efficiency pioneered by Mercedes-Benz, KEYLESS-GO® lets you unlock, start and drive away without removing the SmartKey from your pocket or purse. You can lock and unlock the doors with a touch of the exterior handles, and start the engine by stepping on the brake pedal and pushing the KEYLESS-START button on the dash. (Available in Premium and Premium Plus Package)

Mercedes-Benz GLB200 AMG (7 Seater)

FEATURED PACKAGES

Electric Front Memory Seats

Intuitive, seat-shaped controls help you find your ideal driving position with power adjustment, including power lumbar support. (Available in Premium Plus Package)

Mirror Package

Exterior mirrors fold in and out electrically and the driver can define whether the exterior mirrors are to be automatically folded in when vehicle is locked. The driver's side mirror and interior mirror automatically dim in response to glare and ambient light. (Available in Premium and Premium Plus Package)

Panaromic Sunroof

Offering sweeping skyward views to both 1st- and 2nd-row passengers, this giant, fully functional glass sunroof features a large panel that can tilt up for ventilation or slide back for an open-air feeling. A power interior shade lets occupants vary the amount of sunlight entering the cabin. (Available in Premium Plus Package)

MULTIBEAM LED Headlamps

The high-resolution MULTIBEAM LED headlamps, each with individually controlled high-performance LEDs, automatically illuminate the road with a hitherto unsurpassed, precision-controlled distribution of exceptionally bright light – without dazzling other road users. (Available in Premium Plus Package)

19" AMG Alloy Wheels

Legendary 19-inch AMG alloy wheels feature five pairs of ultrathin, tapered spokes that assert their light weight and high rigidity. They're fitted with low-profile all-season Extended Mobility tires.

Driving Asssitance

Be it starting off, keeping your distance, or staying in lane: the Driving Assistance package makes life easier for you by pooling and providing a wealth of intelligent assistance systems. All in one brilliance.
